2180 Department of Corporations

The Department of Corporations, under the direction of the California Corporations Commissioner, provides consumer and investor protections by regulating the conduct of a variety of businesses, including securities brokers and dealers, investment advisers and financial planners, and certain fiduciaries and lenders. The Department also oversees the offer and sale of securities, franchises and off-exchange commodities.

Given this responsibility, the Department has a three-part mission:

- Educate the public about the risks and rewards in investing and finances.
- Enforce California's financial services laws to protect the public from fraud.

The objectives of this program are to: (1) increase housing supply by providing loans and grants to develop and preserve affordable housing for lower-income households and (2) promote economic, community, and job development primarily by awarding state and federal housing funds, including funds authorized by the Housing and Emergency Shelter Trust Fund Act of 2006 (Proposition 1C). The program also promotes economic and job development through administration of the state Enterprise Zone Program and federal Community Development Block Grant Program.

30 - HOUSING POLICY DEVELOPMENT PROGRAM

The objective of this program is to help ensure an adequate supply of housing affordable to all income groups through formulation of housing policy, technical assistance and oversight for local housing plans, direct assistance to private and public housing providers, administration of grant programs and information sharing.

50 - ADMINISTRATION PROGRAM

This program provides: (1) effective executive leadership in designing, implementing, and communicating housing programs and policies; (2) fiduciary oversight and sound fiscal management through its audit, accounting, and budget functions; (3) development, review, and implementation of legislation affecting the Department; (4) housing-specific legal expertise; and (5) support services in the areas of personnel, information technology solutions, business services, and contract management.

69 - LOAN REPAYMENTS PROGRAM

This program displays the estimated repayments of loans made under the Department's Financial Assistance Program.

2260 California Housing Finance Agency

The mission of the California Housing Finance Agency, which was statutorily chartered in 1975 to be the State's affordable housing bank, is to create safe, decent, and affordable rental housing and to assist first-time homebuyers in achieving the dream of home ownership by providing affordable first and secondary mortgage loans and mortgage insurance. The agency is financially self-supporting, setting loan interest rates slightly above its cost and charging fees for specific services to cover its lending costs and risks.

The California Housing Finance Agency's (CalHFA) funding is not subject to Budget Act appropriation. This budget display is for informational purposes only. Each spring the CalHFA Board adopts an updated five-year business plan and annual budget. The informational budget presented here reflects the Agency's best estimate of the proposed budget for fiscal year 2009-10. As a Public Enterprise Funded entity, CalHFA support comes from revenue bonds and is not supported by the faith, credit or taxing power of the State of California. CalHFA continues to administer single and multifamily housing lending programs financed with revenue bond proceeds, and a number of down payment assistance programs from Proposition 46 and Proposition 1C general obligation bond proceeds.

MAJOR PROGRAM CHANGES

- The estimated revenues from fuel sales tax spillover have dropped from the \$1.4 billion level estimated in the 2008 Budget Act to \$1.0 billion in 2008-09, and are forecast to drop to \$90 million in 2009-10.
- Due to current General Fund constraints, the Governor's Budget proposes to reduce the level of funding for State Transit Assistance by \$153 million in 2008-09 and to eliminate fuel sales tax funding of local transit grants to provide General Fund relief by funding Home-to-School Transportation. The Budget does include \$350 million from Proposition 1B.

MAJOR PROGRAM CHANGES

- The increase in year over year funding is primarily attributable to transportation's Proposition 42 share of proposed increased sales tax revenues as part of the overall General Fund budget solution. Of note, though, overall base Proposition 42 revenues have declined from the 2008 enacted Budget by \$81.3 million in 2008-09 and \$233.6 million in 2009-10.
- The Budget proposes an increase in Grant Anticipation Revenue Vehicles (GARVEE) bonds of \$769 million to accelerate three major SHOPP projects. This action will save the state over \$13.6 million in net project costs over multiple years.
- The Budget proposes \$1 million for the operation of workforce development centers in five regions: Sacramento, Redding, Fresno, Los Angeles, and San Diego.
- The Budget proposes an economic stimulus package that includes \$2.1 billion in 2008-09 and \$165 million in 2009-10 as follows:
 - Trailer bill language is proposed to exempt a limited number of projects from the California Environmental Quality Act (CEQA) in order accelerate project delivery. Caltrans estimates that this exemption will bring forward a total of \$822 million in projects funded from Proposition 42, GARVEE bonds, Proposition 1B bonds, and local reimbursements.
 - Trailer bill language is proposed to expand Caltrans' authority to use design-build contracting to accelerate projects.
 - Trailer bill language is proposed to expand Caltrans' authority to do performance-based projects.
 - An additional \$700 million in Proposition 1B bond funds is appropriated in 2008-09 for local road maintenance, provided that these funds could be spent by December 31, 2009
- The Budget proposes an increase of \$53.4 million from the State Highway Account to replace and retrofit Caltrans vehicles to meet state and local air quality requirements.

PROGRAM DESCRIPTIONS (Program Objectives Statement)

10 - AERONAUTICS

The Aeronautics Program supports California's aviation activities by promoting safe and effective use of existing airports and heliports. This program ensures that airports and heliports comply with safety regulations, provides engineering and financial assistance for safety and infrastructure improvements, maintains the California Aviation System Plan to reflect changes in the aviation network, provides guidance for land use compatibility in areas around airports, administers airport noise standards regulations, enhances goods movement to and from airports through improved ground access, and promotes and maintains aviation safety.

20 - HIGHWAY TRANSPORTATION

The Highway Transportation Program operates, maintains, and continues development of California's state highways. Development and delivery of capital projects make up the largest portion of these efforts. The program also meets its objectives through: (1) coordination and control required by federal and state law for implementing transportation projects, (2) furnishing assistance to city and county transportation programs, and (3) management of traffic through a system of monitoring, analysis, and control. In addition, this program strives to improve highway travel, safety, and the environment through testing, research, and technology development.

30 - MASS TRANSPORTATION

The objective of the Mass Transportation Program is to support the state's transportation system by providing leadership in the implementation of safe, effective public transportation, improved air quality, and environmental protection. The program achieves its objective through: (1) the administration of intercity rail service in California, including capital projects and rail car management, (2) management of state and federal capital and operations grant programs, and (3) planning, support, and coordination of mass transportation services, and (4) administering the Public Transportation Modernization, Improvement and Service Enhancement Account (PTMISEA) of the Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006 (Bond Act). Additionally, the Mass Transportation Program serves to: (1) improve intercity bus passenger service through enhanced services and facilities, (2) improve public transportation needs for all persons, including the elderly, the disabled, and the economically-disadvantaged, (3) improve urban/commuter rail services, and (4) enhance mobility options in congested corridors.

40 - TRANSPORTATION PLANNING

* Dollars in thousands

2660 Department of Transportation - Continued

The Transportation Planning Program implements statewide transportation policy through coordination at the local and regional levels and develops transportation plans and projects. The Department prepares the long-range state transportation plan required by state and federal laws and provides long-range transportation system planning and transportation planning studies as input to the regional transportation plans, the State Transportation Improvement Program (STIP), and departmental policies and programs such as Goods Movement, Climate Action, and Regional Blueprint Planning. The Department also prepares the Interregional Transportation Strategic Plan, which guides investment of the Interregional Improvement Program funds in the STIP.

50 - ADMINISTRATION

The Administration Program provides the functions required to support the programmatic responsibilities of the department. Major activities include accounting, budgeting, auditing, office facility operations and management, information technology, and a wide range of administrative services including human resources, procurement and contracting, training, workforce planning, and labor relations.

60 - EQUIPMENT

The Equipment Program provides mobile fleet equipment and services to other departmental programs through: (1) purchasing new vehicles, (2) receiving, servicing, and equipping new units, (3) assembling equipment components into completed units, (4) managing the fleet, (5) repairing and maintaining the fleet, including payments for fuel and insurance, and (6) disposing of used vehicles.

- Reducing the incidence of truck and bus accidents attributable to defective vehicle equipment, improper maintenance, loading or securement of cargo, or disqualified drivers.
- Protecting the public from spills of hazardous materials or specially regulated loads and from the improper operation of specified vehicles such as ambulances and armored cars.
- Protecting farm workers transported in farm labor vehicles and children transported in school buses.
- Ensuring that proper registration fees are paid, and protecting highways from excessive weights.

30 - VEHICLE OWNERSHIP SECURITY

This program protects the public from vehicle theft through:

- Investigation and prosecution of the professional vehicle thief.
- Assistance and training of CHP and allied agency personnel.
- Prevention of vehicle theft through public awareness and coordination with the insurance, trucking, construction, auto manufacturing, and auto sale industries.

The mission of the Department of Motor Vehicles (DMV) is to effectively and efficiently serve the public by:

- Registering vehicles to identify and authorize use, and titling vehicles to establish ownership interest for consumer protection.
- Licensing and regulating the motor vehicle industry and licensing drivers to protect consumers and promote traffic safety.
- Establishing true identity to ensure the validity of licensed drivers and identification card holders, and securing personal information for consumer protection.

Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on DMV's Capital Outlay Program see "Infrastructure Overview."

MAJOR PROGRAM CHANGES

- The Budget proposes an increase of \$12 to the vehicle registration fee to offset a reduction of Vehicle License Fee revenue support for the department. This will generate \$92 million in 2008-09 for partial year implementation, increasing to \$359 million for full-year implementation in 2009-10. The Vehicle License Fee revenues are being redirected to local public safety programs.
- The Budget includes \$11 million Motor Vehicle Account and 16 positions for production of the new driver license/identification/sales person cards. The new cards will meet the new enhanced federal security requirement under REAL ID and will necessitate a \$3 increase in driver's license fees. There is also an increase of \$4.2 million and 45.1 positions to implement improved driver license/identification card procedures to begin to bring California into compliance with the REAL ID Act.
- The Budget includes \$11.6 million and 103.4 positions to support the approved Vehicle Registration Financial Responsibility Suspension Program that is transitioning from a vendor-based operation to a state-administered program.
